

## Green Head Volunteer Bush Fire Brigade

### Notice to Fire Fighters

NOTFF Subject: **Unserviceable Branch – Light Tanker**

NOTFF Date: **27. June 2009**

NOTFF Revision: **No**

NOTFF Number: **NOTFF - 0002**

#### Unserviceable Branch – Light Tanker

During the hazard reduction burn in Bryant St, the rear hose reel ProTec branch on the Light Tanker was damaged.

The branch has been sent away for repair

The replacement branch has been taken from the front bar hose of the Light Tanker rendering the front hose inoperative. The water has been isolated at the front isolation valve.

A NOTFF will be raised when the Protec branch has been returned from repair.
